Objective

I am compassionate about both adult and pediatric emergency medicine and am actively pursuing a PA position in a high acuity emergency department. My bedside manner, critical thinking skills, and dedication to team-based medicine approach will allow me to achieve positive patient outcomes while supporting these patients and their families during their most vulnerable times.

Education

Master of Science in Physician Assistant Studies

York College – CUNY, Jamaica, NY

08/2020 – 01/2023 (expected)

Bachelor of Science in Management, Concentration in Finance
